TECHNICAL GLOVES

FHR 012

Technical gloves FHR 012

Protective gloves FHR 012 made of fabric with silicone coating. For specialist and water rescue services or for construction. Also used in extreme working conditions and during training including mechanical risks. Protect against mechanical risks as per EN 388:2016.

Design:

- ★made of special fiber ensuring higher cut resistance, while providing perfect grip and fit
- ★glove palm with latex coating enables very strong and stable grip, and provides anti-slip characteristics
- ★with shock-absorbing pads, hook-and-loop and inserts ensuring glove stability during works requiring high precision

Available sizes: 6-12

Test results as per EN 388:2016:

- | | |
|------------------------------------|-----|
| ★Abrasion resistance: | - 4 |
| ★Cut resistance: | - 4 |
| ★Tear resistance: | - 4 |
