PROTECTIVE BOOTS

FHR 014

Protective boots FHR 014

Specialist footwear enabling to provide adequate level of occupational health and safety. Made of the highest quality materials. Anti-slip sole, breathing membrane, hydrophobic leather as well as the solutions used provide high wearing comfort.

Safety in extreme conditions:

- ★ Fulfill the requirements of EN ISO 20345:2011 for safety footwear. This is certified by EC-type examination certificate no. OZO220-CPT009/17 issued by MIRTA-KONTROL d.o.o., Croatia, Notified Body no. 2474
- ★ Steel toe cap with rubber tip, impact resistant up to 200 J.
- ★ Made of hydrophobic leather combined with orange breathing hydrophobic fabric.

Maximum comfort:

- ★ IBISAFE® — insole made of Kevlar® providing protection against sole puncturing and its elasticity and flexibility as well as perfect heat insulation.
- ★ TE-POR® — three-layer waterproof and breathing membrane enabling to discharge perspiration outside, improving hygienic properties, protecting against soaking, providing comfortable feel in all weather conditions.
- ★ NITRIL® — sole protecting against frost and high temperatures, ergonomic, antistatic, anti-slip, acid and oil resistant, easy to clean.
- ★ Soft flange in the upper top.
- ★ Available in sizes from 37 to 48.
